

Hello

I am offering students in class 703 the opportunity to submit many assignments using google classroom. This is not mandatory, but it is simply another option for students to submit work.

Go to classroom.google.com on an internet browser

Students can log in with their school email which ends with [@is228.org](mailto:is228.org)

The Google Classroom Code for 703 class is [iishwfp](#)

Best regards,

Mr. Hartmann
